STATEMENT

This is to declare that TNO Certification has tested with positive result:
Electrically powered wheelchair, trade mark: Hepro, type: Moto Standard, version: 06,
manufactured by: Hepro A/S, Norway.

Date
10 May 2006

Our reference
Statement Hepro Moto Standard

The reason for testing was to establish whether or not the product fulfils the
requirements of the European wheelchair standard EN 12184 for a class A wheelchair.

E-mail
Cruijff@certi.tno.nl

Conclusion:

The electrically powered wheelchair, trademark: Hepro, type: Moto Standard,
version(s): 06 meets the requirements as stated in the European Standard EN 12184
EN 12184:1999 for class A.

The test results exclusively relate to the inspected object.

T.R. Cruijff, Account Manager

TNO is accredited by the Dutch Council for Accreditation as inspection body Type A
(ISO 17020) in the field of medical devices.
TNO is appointed as Notified Body for the Medical Directives and as Competent
Body for the EMC Directive.
